(Feb 2015- June 2019)

Minor in Sequential Art

Courses of study included Art History, Advanced Mathematics,
and advanced computer program art

work experience

animator, illustrator

(Oct 2021- Jul 2022)

Coolman Media, Los Angeles, CA

Better known as Coolman_Coffeedan, I joined the team as a freelance
associate artist, and joined full time after two months. Together, we
built a successful NFT series, and created animations and graphics for
a rather large audience.

3D concept artist

(August 2021)

Imagine Nation, Amsterdam, NL

Worked with Tony Award- winning producer Robin de Levita to design
and plan safe practical effects for a secret project, presented on his
invention: "stagearound," made popular in Europe and Asia for musical
theatre performances.

animator

(Feb 2021- Dec 2021)

Try Quinn

led a small team to animate stickers and gifs over film interviews
featuring adult actors for a podcast promoting a popular audio
pornography app called Try Quinn.

software
